Tangra.

19. 5. 05

To
whom it may concern,

We have been using "HERBTAB" for the treatment of HIV/AIDS. Five of the women were taking "HERBTAB" for the last 7 months.

Their health have been improved, no side effects. We have noticed that person with HIV and T.B. is bit slow to improve their health.

SR. Deuitza.M.C.
